

DAVIS WINDOW & DOOR

BEFORE

AFTER

There are a number of benefits to replacing your single door with sidelights with a beautiful double door. Not only can a double door create a larger access point through which you can move in and out of your home, but it will create a focal point on your home's exterior and, ultimately, increase its curb appeal.

Schedule your free consultation today!

Davis Window and Door can turn your single door with sidelights into a beautiful double door.

We make replacing your front door easy—even if you have sidelights.

When you partner with Davis Window and Door for an entry door replacement, you get personalized service from a qualified expert. We use advanced technology—such as our photogrammetric camera, lidar scanner and computer-aided design software—to guarantee all products are sized with exactness and installed in accordance with manufacturers' recommendations. With over 45 years of experience, our professional staff is fully equipped to measure, deliver and install your new doors.

Schedule your free consultation today!

Our installation process is simple:

1. Evaluate current doors
2. Measure the area
3. Order products
4. Receive delivery and review products
5. Schedule installation with customer
6. Install, and ensure cleanliness of job site

We all want a beautiful home we can feel confident about. Since entry doors are such a visible feature of every home, they play an important role in helping us achieve that goal. Not only does your front door set the tone for visiting guests, neighbors and family members, but it can enhance the overall look of your home and, ultimately, increase its value.

When you partner with Davis Window and Door for your double door installation, you can choose from a variety of manufacturers, product types, and materials. We carry double doors from a number of premium manufacturers—including Marvin, Maxcraft and ProVia. And our expert staff will help you select the right products for your home.

Product Options

Fiberglass Exterior / Wood Mahogany Veneer Interior

- Mahogany Veneer wood interiors with fiberglass exteriors offer a perfect balance of timeless beauty and modern performance.

Fiberglass Exterior / Fiberglass Interior

- Fiberglass Windows are strong, durable, and require little, if any, maintenance. They can be installed in any climate, and almost never chip, rot or warp.

Aluminum Clad Exterior / Wood Interior

- Aluminum is strong, extremely durable and able to perform in even the toughest climates. Rich wood interiors provide classic beauty.

Fiberglass Exterior / Wood Interior

- Combines rich wood interiors with fiberglass exteriors to deliver both beauty and strength to your home.
